## FOREWORD

Dr. Shreepad A. Khedekar, my student, has taken up this prodigious task of writing his '**acsotrom: a comparative study of the rubrics of mind.**' At a very young age he has shown promise towards his abilities as an author in our homoeopathic fraternity. I recommend his book earnestly to all those sincere students, postgraduates and practitioners of this beautiful and holistic art of healing, who are aspiring to become successful and true homoeopaths. His brilliant work will be a very useful weapon at the hands of homoeopaths if used in a correct fashion, i.e., when coupled with the physical generalities like thermals, thirst, desires, aversions and etc., some of which have been added to his book. His work is surely going to be advantageous towards arrival of the right homoeopathic similimum for all practitioners.

**Dr. Prafull Vijaykar.**

Classical Homoeopath 85 International  
speaker.
