Acknowledgements

I am grateful to dear Julia Drinnenberg who once again showed great patience in "translating" my innumerable ideas and specific medical and homeopathic demands from our *Materia Medica* into wonderful cartoons.

I also owe Jens Wurster, M.D. much gratitude. He was involved in the writing of the *Cancer* and *Chemotherapy and Radiotherapy* chapters and dedicated himself to the task with pleasure, providing much valuable medical and homeopathic input. Thank you very much also to Ute Riedel-Staufenbiel, M.D.

for your help in writing the introductory pages, I would also like to express my gratitude again to my dear wife Christina, who, together with my children Joshua and Mariella, contributed much to the success of this book. Thank you for all your understanding, help, and mainly for all the energy I draw from your affection.
