ACUTE VAGINITIS

ACONITE

There is excoriation and redness of swollen vaginal part. Sensation of heat, fulness and tension in vaginal part. Continuous tingling, not disagreeable, but forcing the lady to scratch. The condition of acute vaginitis may be due to pelvic inflammatory diseases or due to urinary tract infections or infective condition of the vaginal tract. There is burning on micturation. The leucorrhoeal discharge is copious tenacious & yellow. Prolapse of uterus usually of sudden occurrence with inflammation of vagina and vulva or genitals. Acute vaginitis from checked perspiration or from sudden checking of menstrual flow, from fright or from riding in cold winds or from getting wet when overheated.

Inflammatory condition of vagina accompanied by bitter vomiting and cold sweat and there is painful urging to urinate. Menses profuse, long-lasting, especially in plethoric women of sedentary life.

There is great mental anxiety and physical tension. Mental and bodily oversensitiveness is there in this medicine. Pt weeping and laughing alternately. Ailments from fright anger chagrin gloomy taciturn afraid of a crowd.

MODALITIES

< due to fright, anger, music, during night

> by lying down & by rest.

BELLADONNA

It is an excellent remedy for the treatment of Acute Vaginitis. Acute inflammation of vulval region due to congestion. Vulval region is red and hot with throbbing type of pains. Haematuria due to congestion. Genital parts are very sensitive and there is sensation of protrusion. Congestion of head during fever with Acute Vaginitis. Sore, bruised feeling in the genitalia. Constant urge for urination, Acute Vaginitis is caused by dribbling of urine. Sudden attack of fever with Acute Vaginitis. Skin is hot and burning at the vulval region. Bearing down sensation as if contents of the

abdomen would push out through the vulva. Worse in the morning and relieved by standing and sitting erect. Colicky pain in stomach with inflammation of gastro intestinal tract.

The patient imagines seeing various things like ghosts, various insects, black animals, monsters, etc. Anxiety with desire to flee, escapes and hides. Patient is very delirious with constant cerebral congestion. Fear of imaginary things. Patient is wild and becomes very violent.

APIS MEL

It is the best remedy for Acute Vaginitis. Inflammation and redness of vulval region. With soreness and stinging pains. . Inflammation of endometrium of uterus. Especially right ovary is affected. Metrorrhagia with profuse haemorrhage. Patient is drowsy, sense of heaviness in abdomen. Oedema of labia relieved by cold water. Suppressed menses especially in young girls. Skin is pale, waxy and oedematous, chill with fever. Burning and soreness while urinating.

Patient is thirstless. Puffiness and baglike swelling under the lower eyelids. Redness of face with migraine. Photophobia and hot lachrymation. Hoarseness of voice, dyspnoea and difficult breathing. Fiery red tongue. Patient craves for milk.

Patient cannot concentrate his mind while doing work. Dreams of flying, full of fear and unconsciousness. She is very much indifferent, awkward and drops the things from hands. Feels as if she will die.

CANTHARIS
