# PREFACE

In the recent years, a lot of work has been done in the field of Homoeopathic Provings and this is a small attempt at proving hitherto scantily proved and unknown drugs.

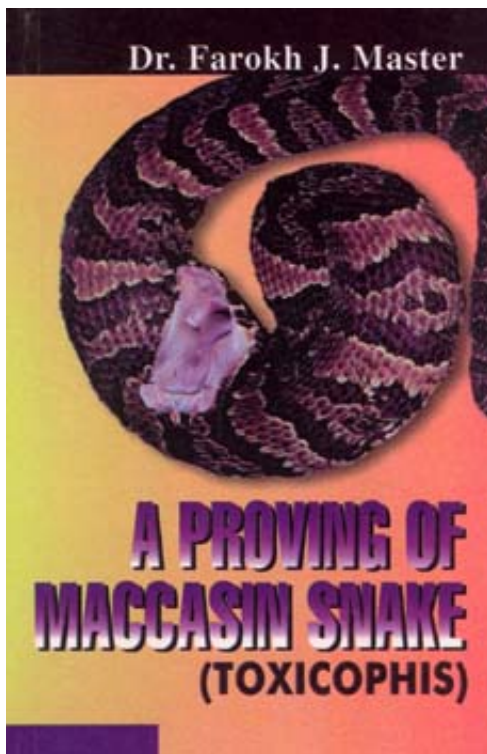

We have tried to be as scientific as possible and have closely adhered to the protocol given in-British Homoeopathic Journal -Peter Fisher.

Central Council of Research in Homoeopathy - Dr. D. P. Rastogi.

Dynamis School of Provings —Jeremy Sherr.

The idea occurred to me during my seminar in Vienna in 1995, when Dr. Walter Gluck of Soos, Austria, informed me about the international competition of Drug Proving.

The proving was started in April 1996 and continued till August 1998.
