**A SHORT REPERTORY
OF THE
SEVENTY-FIVE
LEADING HOMOEOPATHIC
REMEDIES**

compiled from the following sources:-

HAHNEMANN'S "MATERIA MEDICA PURA"
HAHNEMANN'S "CHRONIC DISEASES"
CYCLOPAEDIA OF DRUG PATHOGENESY
KENT'S LECTURES

A number is assigned to each remedy, the numbers running approximately in order of size of pathogenesis.

Numbers in ordinary type indicate that the symptom is covered by the corresponding remedies.

Numbers in italics indicate that the symptom is NOT covered by the corresponding remedies. This is a device for saving time as explained on page 19 of Introduction.

So far as possible the arrangement is alphabetical throughout, except that prepositions and preposition phrases are disregarded in determining alphabetical order.

Thus: 'ABDOMEN, navel, pain
 after eating, 8'
the phrase 'after eating' is to be found under 'e' not 'a'.
