A young girl of 18-years was suffering from dysmenorrhoea. Her menstrual cycle was irregular. The period never started on time. During periods she suffered severe pain in the stomach, abdomen and legs, she also complained of hypomenorrhoea. Some times, her menstrual discharge was scanty. Feeling in breast. She was fed up from allopathic medicines she avoided consulting a doctor or taking any treatment.

One fine day, her mother brought her ;in my clinic for homoeopathic treatment. The good girl narrated her life story - symptoms, I reached to the conclusion that over all she is anaemic patient, I had given her WHEAT GRASS-30 which I prepared homoeopathically. It was to my surprise as she described that next period passed without any pain. So she continued her treatment and in three months all her troubles were cured. There after the menstruation cycle became regular and painless. When her physical problems were solved her psychological condition also improved. She became more cheerful and sadness on her face was replaced by a smile.

(This case was published in 'Advent of Homoeopathy' journal July-Sept. 2002, Vol 19 No. 3 page 140)
